

Save now for your child's future

The State of Washington created the Guaranteed Education Tuition Program to help families like yours save for college. With tax benefits, a state guarantee, and the flexibility to choose the payment plan that is right for you, GET makes it easy to save now for your child's future.

The State Guarantee

The State of Washington guarantees that if you buy one year of college tuition today, it will be worth one year of college tuition when your child is ready for college – *even if tuition doubles or triples during that time.*

Over 35,000 Colleges Nationwide

You can use your GET account at nearly any college, university, or job training school – public or private – in the country.

Easy Savings Options

You decide how much and how often you want to save, and then choose a payment plan that works for you.

Maximum Flexibility

You can use your GET account for tuition, room and board, books, or other qualified college expenses. If your child decides not to go to college, you can transfer your GET account to a family member, wait up to 10 years in case he changes his mind, or request a refund.

Tax-free Savings

GET offers valuable tax benefits as a qualified tuition program under Section 529 of the federal tax code. Your GET account will grow tax-free and all withdrawals will be tax-free when used for tuition, room and board, and other qualified education expenses.

Annual Enrollment Period, September 15 – March 31
